

## HS507c / HS507k Quick Reference Card 1/2

**Power on:** Press and release either brightness button (“+” or “-”)

**Power off:** Press and release “+” and “-” simultaneously to turn power and motion sensor off (shake awake is disabled)

Press and hold the “-” button 3 seconds to **switch between Circle+Dot, Dot, and Circle**, in that order.

Press and hold the “+” button for 3 seconds to **activate “lock” mode**. The LED will blink once (the buttons are locked out to prevent setting changes.)

Press and hold “+” again for 3 seconds to **deactivate lock mode**.

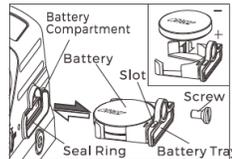

**507c only:** To select **Manual mode:** Press/hold “+” button 4 seconds

**507c only:** To select **Automatic mode:** Press/hold “+” button 4 seconds
